YUANTONG ELECTRIC

Transformer manufacturer

Since 1991

Company Staff

300 +

Annual Output Value

600.0 Million RMB

Registered Capital

100.8 Million RMB

Customized Service

OEM ODM

Professor Of Engineering

30 + Years

2 Large

Production Base

Official Partner

100 +

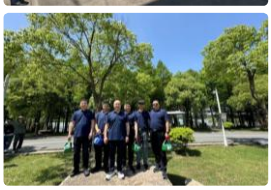

Yuantong transformers have collaborated **with State Grid and CSG**, obtained **dual certifications**, and **jointly delivered multiple overseas projects**.

OUR PROFESSIONAL TEAM

40+ Power Technicians
More than 10 undergraduate studentsand 3 doctoral students

20+ Professional Certifications

60+ Million U.S. Dollars
Annual Sales Revenue

10+ Million U.S. Dollars
Annual Export
Sales Revenue

53,000+ m^2 intelligent factory with full automation, embarking on high-quality development.

PARTIAL IN-STOCK TRANSFORMERS

0.38kV Single-phase Transformer

6.3kV Earthing Transformer

10kV Amorphous Alloy Dry-type Transformer

10kV Amorphous Alloy Oil-immersed Transformer

10kV Dry-type Transformer (with Shock Absorber)

10kV Dry-type Transformer

10kV Dry-type Transformer (for Russia)

10kV Double-split Dry-type Transformer

10kV Oil-immersed Transformer

20kV Dry-type Transformer

20kV Oil-immersed Transformer

35kV Dry-type Transformer

35kV Oil-immersed Transformer

Installation Scenario

- Freeze-Proof to -45°C
- High-Altitude Ready
- Built-In Harmonic Filtering
- Ultra-Stable Voltage Output
- Direct-Fit to Legacy Soviet Units
- 30-Year Sealed, Zero Maintenance
- Mobile Substation, Rapid Deploy
- Ultra-Low Loss, Energy Saving
- Grid-Ready for Hydro & Solar

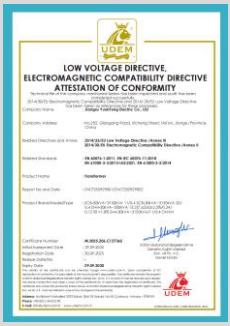

Certification Display

Marketing Network

Our products are exported to multiple countries overseas

We can also customize and develop various special transformers according to customer needs to meet diverse application scenarios.

Service scope

serving **270 million** people

covering **1 million** square kilometers

Guangdong
Guangxi
Yunnan
Guizhou
Hainan
Hong Kong
Macao

Industry position

Top-tier power transmission and distribution leader

maintaining **high-standard access requirements** for power grid engineering

with stringent demands on transformer equipment quality, **safety, and energy efficiency**

Core mission

Operating the national West-East Power Transmission grid

ensuring **safe and stable power supply** in southern China

promoting green grid construction **with new energy integration**

Partnership endorsement

Yuantong Electric has been selected as a qualified supplier of CSG, with its products strictly aligned with **CSG's high engineering standards and certified for quality**.

Our Service

- customs clearance assistance
- Complete logistics assistance
- Russian language technical documents
- Custom service
- Customer-oriented after-sales service
- Free solution
- Technical solution
- Price solution
- Free tech training
- Video manuals
- High capacity
- Short delivery
- Large orders welcome
- Wooden case
- Int'l standards compliant

Why Choose US

35 Years of Excellence

Est. 1991, with 35 years of experience in transformer R&D, design, manufacturing and sales

strict quality control and ISO standards

Yuantong Electric is a leading and professional manufacturing - factory - direct supplier from China, with strict quality control and ISO standards.

OEM Service

professional R&D team design and manufacture transformers according to your unique needs, every customized transformer meets the highest performance standards and safety requirements, while optimizing energy efficiency and cost-effectiveness.

Global Experience

With a strong global presence, our exports reach the United States, Kenya, Russia, and many other regions, serving diverse customers worldwide.

Competitive Pricing

Budget-optimized and flexible: our design supports both copper and aluminum windings. You get the freedom to match material choice to your project's financial and performance targets — no unnecessary overspending, no performance trade-offs you can't control.

Fast Delivery & Technical Support

Our commitment goes beyond delivery: you can count on prompt quotations to accelerate your procurement, technical consultation to solve complex challenges, and comprehensive after-sales service for long-term peace of mind.
